**Subject: Letter of Non Objection**

In February, 2003, EREMA sold Evergreen Plastics an EREMA Pelletizing system model RGA 160T-VS-SW 8/170RTF-ASP.

EREMA guarantees that the system sold to Evergreen Plastics, model RGA 160T-VS-SW 8/170RTF-ASP, is comparable to the process evaluated per the letters from the U.S. Department of Health & Human Services dated November 17, 2000, June 7, 2001, and February 10, 2003.

In addition, if Evergreen processes post-consumer recycled polyethylene terephthalate (PCR-PET) consistent with the requirements defined EREMA, then the PCR-PET processed utilizing the EREMA model RGA 160T-VS-SW 8/170RTF-ASP produces a LNO (Letter of Non Objection) PCR-PET consistent with the FDA requirements.
